

EWELL BEFORE HOUSE COMMITTEE

Explains Internal Workings of
N. A. M. to Lobby Investi-
gators of the House

WAS UNFAIRLY DISCHARGED

Witness Declares He Was Unfairly Treated
by J. P. Bird When He Was Discharged
from the Employ of the Association

EMERY'S EXAMINATION CONTINUED

WASHINGTON, Aug. 7.—The internal workings of the National Association of Manufacturers were explained to the house lobby committee today by James L. Ewell, formerly manager of a trade publication issued in connection with the organization. The witness went at great length into several internal discussions that disturbed the organization and attacked rather bitterly some of its officials, particularly J. P. Bird, who he declared had acted unfairly in discharging him from the employ of the association. Little of Ewell's testimony bore on the legislative activities of the association although he did describe two conversations between Mr. Bird and Col. Martin M. Mulhall at which he was present.

"On one occasion," said Ewell, "I knew there was a tremendous fight on in the district of Representative Hughes of New Jersey. I was talking to Bird when Mr. Mulhall came into the room. In his characteristic way he shouted 'Well I could have done better if I had more money. I didn't have enough money. There were plenty of Democrats over there and I didn't have enough money to buy them. I think I did damn well with money I had, don't you?' On another occasion Ewell said he heard Mulhall demand \$2,500 from Bird 'for work in Washington.' Bird promised him the money the witness said. Ewell told the committee of the circumstances of the resignation of Marshall Cushing as Secretary of the N. A. M. He said that Cushing declined to tell the officers and directors the details of the expenditure of money in a campaign to re-elect Representative Littlefield of Maine.

"They wanted to know just what he did with the money he had," said Ewell. "He said that he thought that it wouldn't do him or the directors any good if he told them. He told me he went the limit to secure Littlefield's election. He wouldn't tell the directors, so he resigned."

Discussing the dismissal of E. A. Cooley and the appointment of F. P. Porter in charge of the association's campaign for membership, Ewell quoted Cooley as saying that "Porter could get the money but that he didn't like his tactics."

The committee was anxious to locate Cooley and probably will call him later.

Robert McCarter for the National Association of Manufacturers, questioned Ewell about an unsuccessful suit which he prosecuted against the N. A. M. for some \$50,000 which he claimed was due him when he was discharged.

"I lost that suit through the false testimony of Mr. Bird and his counsel, A. Parker Nevins," he shouted, and the committee cut off that line of examination.

The committee has no further witnesses available at this time and probably will not meet again before Monday.

On the senate side the committee continued its examination of James A. Emery, counsel for the N. A. M. and will resume questioning him tomorrow.

GOVERNOR LISTER PARDONS PRISONER WHO ONCE ESCAPED

Frank W. Orr it as Last Given His
Liberty After Being Re-arrested
Through Former Jail Associate.

Walla Walla, Wash., Aug. 7.—Governor Lister has pardoned Frank W. Orr, who after being sentenced to prison in 1908 for breaking into a Tacoma store, escaped from an industrial workmen and a partner in an electrical firm and was betrayed by a former jail associate. He was re-arrested in April 1910 and returned to prison in spite of the protests of his associates in Portland. The case caused wide comment at that time.

THREE JAPS MURDERED.

Salem, Ore., Aug. 7.—With their heads almost severed from their bodies, Koye Kowa and Mrs. Tami Koda and her child, all Japanese, were found murdered tonight in an alley near a restaurant owned by the woman's husband, Y. Koda. Beside the bodies were found two bloody knives and a revolver. Koda and a companion were arrested.

ANNUAL REGATTA OPENS.

Boston, Aug. 7.—Canadian and American oarsmen from all parts of the country are here for the annual regatta of the National Association of Amateur Oarsmen which will open tomorrow over the new Charles river course and will continue through Saturday. The largest individual delegations here hail from Duluth, Detroit, Toronto, Halifax, Philadelphia and New York.

NEWLY ORGANIZED COMMISSION MEETS

STATE FISH AND GAME CONSERVATION COMMISSION CONVENES

State is Divided Into Six Districts, in Each District There Will be Ten Permanent Deputy Wardens and One District Warden—Jacksonville Comes Under the Jurisdiction of the Havana District.

SPRINGFIELD, Ill., Aug. 7.—At a meeting of the newly organized state fish and game conservation commission in this city today the state was divided into six districts and the program of work to be followed by the commission in the task of conserving the fish and game resources of the state, was discussed.

C. J. Dittmar of Freeport and Judge J. B. Vaughn of Carlinville were the members of the commission present.

It is the plan to divide the state into six districts. In each district there will be ten permanent deputy wardens and one district warden. At certain seasons of the year this force will be augmented by the appointment of temporary wardens, who shall receive the same remuneration as the regular deputy wardens.

The present plans provide for district headquarters at the following cities:

Chicago, Sterling, Havana, Shelbyville, East St. Louis and Mount Vernon.

Springfield comes under the jurisdiction of the Havana district which will be in charge of J. M. Entwistle of Havana as district warden. About thirty deputy wardens have been named to date, leaving thirty still to be appointed. These appointments are expected to be announced by Governor Dunne next Monday.

Requisition Honored.

A requisition was today honored by Governor Dunne for the return to New London, Mo., of Clifford Basford, who broke jail at that place July 25, 1913, following his arrest on a charge of gross larceny. Basford is under arrest in Scott county.

A requisition was honored from the state of Nebraska for the return to Grand Island of John Pastor, under arrest in Chicago charged with burglarizing the home of Jay Palmer and stealing a watch and other jewelry.

Complete Organization.

The newly appointed state highway commission today completed the organization by electing S. E. Bradt, of Dekalb, as secretary.

The commission has requested Secretary of State Woods to turn over the automobile fund collected by him, amounting to nearly \$1,000,000 in order that the commission can make the allotment of funds to the various counties. Under the new law Cook county gets 25 per cent of all funds collected from that county to be used in the construction of hard roads. The allotment of the fund to the various counties will be made at the next meeting of the board.

SOUTHERN BANKERS CONFER WITH SECRETARY M'ADOO AND ASSISTANT

Discuss Plans For the South's Share
of the Government Funds to be
Deposited in National Banks.

Washington, Aug. 7.—Representatives of southern cities gathered at the treasury department today to discuss with Secretary McAdoo and Assistant Secretary Williams plans for the distribution of the south's share of the \$50,000,000 of government funds about to be deposited in banks throughout the agricultural sections of the country to aid in the fall movement of crop. Arrangements for handling the money was agreed upon tentatively although all plans will not be announced until the conference to be held at department with bankers from the middle west and next Thursday with representatives from the Pacific coast cities. The southerners asked for about half of the total amount to be deposited.

The bankers were enthusiastic in their approval of Secretary's McAdoo's proposed action and just before adjourning tonight adopted resolutions of appreciation and of confidence in the Wilson administration.

TRAVELING MAN FALLS OFF HIGH BLUFF NEAR SANGAMON RIVER

L. O. White of Chicago Loses His
Balance and Suffers Concussion
of the Brain.

Springfield, Ill., Aug. 7.—L. O. White, Chicago, traveling salesman for the American Steel & Wire Fence company, lost his balance this afternoon and fell from a high bluff near the Sangamon river. He was rushed to a local hospital in an automobile. He was reported to be regaining consciousness late tonight and the attending physician says he will live. He is about 30 years old. He suffered a concussion of the brain.

GOTCH WILL OPERATE MODEL STOCK FARM.

Crookston, Minn., Aug. 7.—Frank Gotch, of Humboldt, Iowa, champion wrestler, closed a deal today which makes him the owner of 920 acres of land in Polk county, South of Crookston. It is understood that he will at once begin the development of a model farm and spend a portion of his time here. Gotch intends raising prize winning stock.

MAY SUBMIT REPORT TO N. Y. LEGISLATURE

"CERTAIN DISCLOSURES" MADE BY
COMMITTEE TO BE SUBMITTED

Frawley Committee Investigating
Campaign Contributions and
Funds of Governor Sulzer Has
Not Quite Completed Its Work.

NEW YORK, Aug. 7.—While the Frawley legislative committee's investigation of campaign funds and contribution of Gov. Sulzer stands tonight uncompleted, it was learned that the probable course the committee will take calls for submitting to the legislature within ten days certain disclosures already made at the hearings. The present plan is to give various instances where it has been testified contributions were made that were never reported by the governor and several that appear to show that Mr. Sulzer did not comply with the law and place them before the legislature. The committee hopes that the assembly will vote on the question whether impeachment proceedings will be brought against the governor.

Secretary's Statement.

Albany, N. Y., Aug. 7.—Governor Sulzer declined tonight to comment on the testimony given before the Frawley committee concerning his campaign receipts and expenditures. His secretary, Chester C. Platt, gave out a statement, which said:

"The people understand his motives which actuate the Frawley committee. They know who is behind it and why the charges against the governor are being made. 'Some of these charges are false, some are distorted through this; easily explained; and some of the charges are insinuations about which at present, the governor is wholly ignorant. A full and frank statement of all the facts will be made just as soon as the governor can learn exactly what are the facts.'"

CHICAGO SWEEP BY WIND AND ELECTRICAL STORM

Part of Fence at Cub Park is Blown
Down in Wind Storm About Mid-
night—Much Damage Done.

Chicago, Aug. 7.—Part of the fence of the Chicago National League baseball park was blown down in a wind and electrical storm that swept over the city at midnight. The fence carried down trolley and telephone wires and the wreckage took fire from showers of sparks. Much damage was caused by lightning and by flooding of downtown basements. Prisoners in the Clark street police station had to be transferred hurriedly when a clogged sewer flooded their cells.

Crew Has Narrow Escape.

St. Louis, Aug. 7.—A crew of twenty men narrowly escaped drowning in the Mississippi river tonight when a sudden gust of wind overturned the City of Moline, a tow boat, and caused it to sink near the city of Moline, thirty miles north of here on the Illinois shore. The men saved themselves by swimming ashore. There were no passengers aboard.

Two Heat Victims in Pana.

Pana, Ill., Aug. 7.—The excessive heat claimed two victims today. The mercury registered 102 degrees. Two thirds of the local corn crop was burned in the fields by the sun.

Heat Records Smashed.

Kansas City, Mo., Aug. 7.—Excessively high temperatures prevailed to day over Kansas, Missouri and Oklahoma all former heat records having been broken in some portions of Kansas. For the fourth consecutive day thermometers almost everywhere in Kansas climbed the 100 mark or higher.

PLANT OF UNION PETROLEUM CO. IS PRACTICALLY DESTROYED

Fire Which Started in Storage House
Among Thousands of Barrels of
Oil Burns \$125,000 Worth of
Property.

Philadelphia, Aug. 7.—Four large manufacturing plants were threatened with destruction, several firemen were burned or overcome by smoke and many families had to flee from their homes this afternoon when the plant of the Union Petroleum company, which occupied an entire block in the southern section of the city, was practically destroyed in a spectacular fire. The loss is estimated at \$125,000. The fire started in the storage house where there were many thousands of barrels of oil. These exploded with deafening roar and by the time the firemen responded the big plant was blazing in twenty places. The flames communicated to a 110,000 gallon tank which exploded, sending burning oil in all directions. There were eight tanks in the yard, each with a capacity of 400 barrels and twenty of these exploded within an hour.

JUDGE IS GRANTED DIVORCE.

Danville, Ill., Aug. 7.—Circuit Judge E. R. E. Kimbrough surrendered his bench today to Judge W. B. Schofield long enough for the latter to grant a decree of divorce to the former from his wife, Mrs. Emma S. Kimbrough, now a resident of Los Angeles, Calif.

Mrs. Kimbrough's counsel waived service and there was no opposition, the decree being granted on the ground of desertion.

They were married in Denver, Colo., June 30, 1909, and his bill alleges that she deserted him July 30, 1911.

MEXICAN SITUATION BECOMING SERIOUS

Senator Bacon Asserts Present
Situation Is Graver Than
the Cuban Question Was

WILSON BLAMES REPUBLICANS

President Wilson Asserts Attitude of
Certain Republicans Will Make it Diffi-
cult to Handle Situation Peacefully

WILL AWAIT ENVOY LIND'S ARRIVAL

WASHINGTON, Aug. 7.—The American government tonight was confronted by what official Washington regarded as the most delicate situation in its relations with Mexico that has yet developed since armed revolution disturbed the peace of the southern republic. The threatened rebuff from the Huerta administration to the mission of John Lind, personal representative of President Wilson enroute to Mexico City, to expound the hopes of the United States for a suspension of hostilities and an orderly constitutional election in Mexico, drew from Senator Bacon, chairman of the foreign relations committee, a declaration on the floor of the senate today that the present situation "was the gravest in years, much graver than confronted us when the Cuban question was here."

The president realizes the gravity of the situation and manifested during the day his displeasure at the attitude of some members of the minority party in congress, telling callers that the attitude of certain Republicans would make it difficult for him to handle the situation in a peaceful manner.

Resolution Voted Down.

On this account Mr. Wilson justified tonight the strong and emphatic language of Senator Bacon, who, during a debate in the senate on the resolution of Senator Clark of Wyoming, Republican, demanding a general investigation of Mexican affairs, had referred to the resolution as openly "disrespectful" and "flouting in the face of the president," while the latter was endeavoring to put into effect a peace policy. The resolution finally was forced off the day's calendar.

President Wilson was unmoved by advice from Mexico City, depicting the Huerta government as inimical to Mr. Lind's mission. He let it be known, too, that so far as he was able to learn there was not the slightest demand from the American people for intervention and declined to discuss alternatives that might be used in event that the efforts of the American government to help restore peace in Mexico was rejected.

The president is known to hold the opinion that the Huerta administration would make a vital mistake to refuse at this stage of the situation to receive an envoy from the chief executive of the United States, even though the emissary lacked diplomatic status. Mr. Lind, it was pointed out, was purposely sent without credentials so that he might deal freely with persons of all factions in Mexico, who might inquire as to the views of the Washington administration. Should the efforts of the United States be balked by open resistance against Mr. Lind's visit, various suggestions for procedure came from officials, but none of them reflecting any definite plan. It was pointed out that if the Huerta government refused to deal with a representative of the president of the United States or turned a deaf ear to his representations, recognition of the belligerency of the constitutionalists should follow as a natural consequence. The thing that hitherto has blocked any movement for recognition of the constitutionalists has been the realization that the American government by such action would forfeit its right to claims for damages against the Huerta administration.

President Wilson and Secretary Bryan let it be known tonight that nothing further would be done until Mr. Lind reached Mexico City and official confirmation of the reported attitude of the Huerta government reached here.

Strengthens Hold on People.

Mexico City, Aug. 7.—President Huerta's prestige among Mexicans in the capital undoubtedly has been strengthened by what is regarded as his defiance of the United States. Even those who had been lukewarm in their support of the administration profess admiration for the soldier-president who dared to talk back to Washington, although not all of them agree as to the wisdom of his course and many of them consider that he acted precipitately in view of the officially defined intentions in Washington.

What course President Huerta will take in the event that John Lind, President Wilson's personal representative, continues his trip to Mexico City is a matter for speculation. No official declaration has been made as yet as to what this course will be.

Webster City, Ia., Aug. 7.—Mrs. Henry Gunderson was killed, Mrs. Porter and Olie Nelson were fatally injured and three others were hurt, when the automobile in which they were riding was struck by a freight train west of here late today.

TAKING OF TESTIMONY BEGINS IN DIGGS CASE

JURY IS SWORN AND THE GOVERN-
MENT STATES ITS CASE

Prosecution Will Attempt to Prove
That Marsha Warrington and Lola
Norris Were Frightened by Diggs
and Caminetti Into Leaving Sacra-
mento for Reno.

SAN FRANCISCO, Aug. 7.—A jury was sworn, the government stated its case and the taking of testimony was begun today in the first of the Diggs-Caminetti trials. The case was called Tuesday morning in the United States district court on an indictment charging violation of the white slave law. Theodore Roche of special counsel for the government said the prosecution would attempt to prove that Marsha Warrington and Lola Norris, 20 years old and 19 years old respectively, had been frightened by Maury I. Diggs and F. Drew Caminetti, married men with children, into leaving Sacramento, test a scandal explode and criminal prosecutions follow; that the four traveled as married couples; that marriage had been promised the girls after the husbands had divorced their wives; that Diggs hired a four-room bungalow, representing that the party was from Los Angeles and intended to spend six months in Reno; that the four lived in the bungalow for three days before they were arrested. Diggs and Marsha Warrington, occupying the front bedroom and Caminetti and Lola Norris the rear bedroom; that after the return to Sacramento Diggs had written to Marsha Warrington from Berkeley, adjuring her to keep up her courage and that all would end well if she would remain with what he told her, particularly if she was firm in denying that there had been any improper relations between them.

The jury is composed of business men. Ten of them are married and eight have children. Of those who are fathers, six have daughters. Nothing in the usual examination to which the talesmen were subjected indicated the tactics of the defense.

SUPERIOR JUDGE HUMPHRIES ISSUES ORDER AGAINST TEAMSTER

Forbids Teamsters to in Any Way
Molest Men Who Have Taken
Striker's Places in Seattle.

Seattle, Wash., Aug. 7.—Superior Judge John E. Humphries, who has recently issued injunctions against the mayor of Seattle, Socialists, Industrial Workers of the World, the Salvation Army, the volunteers of America and the owner of a parrot today issued a temporary restraining order against the teamsters' union and its officers forbidding them to molest men who have taken the places of the striking teamsters. In issuing the order Judge Humphries pointed to the fact of Herman F. Titus the former clergymen sentenced to a fine and six months imprisonment for violating the judges' order against speaking and said:

"This order is necessary and again I want it understood that it is to be obeyed. Our old friend, Brother Titus, thought that he would defy the court, that he would defy the law, the courts and the government. He thought he would be like the bull on the railroad track trying to buck the train. But the train came along and swept the bull off. Brother Titus said he would buck the court, show it up and put it in a hole. He did the Robert Emmett act and demanded to be sentenced and some how or other he got into jail. That's what will happen to all who disobey the orders of this court."

PACIFIC ASSOCIATION OF THE A. A. U. RESENTS APPOINTMENT

Appointment of "Tom" Mulvey To
Be Assistant Director-General
Causes Dissent.

San Francisco, Aug. 7.—The appointment by James E. Sullivan, secretary-treasurer of the Amateur Athletic Union and director of amateur athletics at the Panama-Pacific Exposition in 1915 of "Tom" Mulvey, to be assistant director-general has been followed by such resentment here that the Pacific Association of the A. A. U., in an open letter signed by President John Elliot refused to allow Ralph Rose, George Horine or any other of its members to compete in 1915 if the appointment stands.

At a meeting of the association's officers today, recession of the Pacific coast from the parent body was urged.

Mulvey is a fight promoter and is said to have no knowledge whatever of amateur athletics.

PLAN TO ORGANIZE FINANCE COMMITTEE

C. A. GUNNING WINS WESTERN HANDICAP WITH PERFECT SCORE

Longmont, Colo., Shooter's Score Is
Highest Ever Made in the West-
ern Shoot.

Omaha, Neb., Aug. 7.—C. A. Gunning, Longmont, Colo., shooting from the 19-yard line, won the eighth annual Western Handicap today with a score of 100. His score was the highest ever made in the Western Handicap and was equalled only by Riley Thompson's perfect score in the Grand American.

C. H. Ditto, Keithsburg, Ill., and P. J. Caciens, Elmo, Kan. were tied for second and third high guns with a score of 99. H. Grindle, Dewey, Okla., was fourth with a record of 98 targets.

Ditto's handicap was 19 yards, while the others was 18 and 16 yards respectively. Among the professionals, C. G. Spencer, St. Louis, was high gun with a score of 98, handicap 22 yards. Several 37 and 96 tallies were made by both amateurs and professionals today.

LOS ANGELES CLERGYMAN SCORES SLIT SKIRT AND "X-RAY DRESS"

Asserts Devotee to Modern Dress
Could be Charged With Contribut-
ing to Man's Delinquency.

Los Angeles, Calif., Aug. 7.—Speaking before the conference of the Seventh Day Adventists now in session here, Rev. I. H. Evans, president, said today that if he were judge of a court and a devotee to modern feminine dress came into complain against a young man he would charge the girl herself with contributing to the delinquency of the man and let the latter go free.

He would reverse the usual charge in such cases, he said, because women have adopted the slit skirt and the "X-ray dress" deliberately for the purpose of luring men.

CHICAGO POLICEWOMEN MAKE THEIR FIRST ARREST

Policewomen Arrest Woman Ring
For Patrol, Sent Prisoner to Station
and Resume Patrol of Their
Beat.

Chicago, Aug. 7.—The first arrest by Chicago's recently appointed force of women policemen was made tonight. The prisoner was a woman, Mrs. Nellie Cameron, 23 years old, who attracted the attention of Officers Margaret Wilson and Mrs. Margaret Butler. The policewomen stopped Mrs. Cameron, accused her of speaking to men, rang for a patrol wagon and sent their prisoner to the station. The officers then resumed patrol of their beat.

DEMOCRATS MAKE SLOW PROGRESS

Senator Sherman Opposes Rate
On Car Wheels Predicting
Ruin to the Manufacturers

GRAPE-JUICE DIPLOMACY

Reviewing Export of Wheels the Senator
Asserts We Now Have Grape Juice Dip-
lomacy and the Sale of Nothing

MOTTO IS "DOWN WITH THE FARMER"

WASHINGTON, Aug. 7.—Democrats made slow progress today in advancing the new tariff bill. An opposing speech by Senator Warren, Republican; a long and sharp debate between Senators Stone and Lippitt over the making of the Payne-Aldrich tariff law, and an attack by Senator Sherman upon provisions of the metal schedule took up much of the day.

Senator Sherman opposed the fifteen per cent rate on car wheels in the bill, saying it meant ruin to American manufacturers for the benefit of those in England and Germany. Reviewing exports of wheels from this country last year he said:

"Not a dollar's worth was exported to China in 1912 and it is reasonable to suppose that not a dollar's worth will be exported in 1913. Instead of dollar diplomacy in the far east with thousands of dollars worth of goods sold there we now have grape juice diplomacy and the sale of nothing."

Senator Stone brought up the question of who furnished the facts for the cotton schedule of the Payne-Aldrich bill. He quoted at length from a speech in May, 1909, of the late Senator Dolliver in which it was charged that Senator Lippitt—not then in public life—had come to congress representing the New England cotton men with the statement that they wanted no increase and had gone away with material increases.

Senator Lippitt said the Democrats were acting like "cattle fish" and that his expose yesterday of the cotton schedule in the present bill made them anxious to discredit him.

Senator Warren said the dominant note of the party in power was "down with the farmer."

Signs San Salvador Treaty.

The first of the international peace treaties embodying Secretary Bryan's plans was signed today. It was between the United States and San Salvador and soon will be sent to the senate for ratification.

The terms of this convention are identical with the details of the international peace proposal submitted by Secretary Bryan to the nations of the world. Twenty-six counties including most of the great powers, already have approved the plan in principle and it is probable that the signing of other treaties will follow in rapid succession. All will be drafted on the same general lines.

BREAKS WORLD RECORD.

Paris, Aug. 7.—Marcel Berthet today broke the world's one hour bicycle record, unpaced by covering 26.35 miles in one round of the clock.

The American unpaced "bike" record for one hour is 25 miles 6.9 yards. It was made by W. W. Hamilton at Denver, Colorado on July 9th, 1898.

SPARKS FROM THE WIRE

INDEPENDENCE, Mo. Aug. 7.—Fire today destroyed the plant of the American Scale company. Four dwellings also burned and the Episcopal church building was damaged. The total loss is estimated at \$100,000.

PATERSON, N. J., Aug. 7.—An effort to have American citizenship denied to 2,000 foreign born men who took part in the recent silk mill strike is to be made by the authorities of Passaic county.

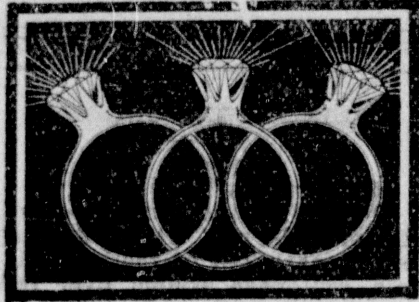

ST. LOUIS, Aug. 7.—Two white men were shot and three other persons were cut by glass and stones in a race riot between blacks and whites here tonight. The running battle extended for several blocks.

MICHIGAN CITY, Ind., Aug. 7.—Eighteen insane convicts at the state's prison whose terms have expired, were released today and sent to the sheriffs of the counties from which they were sentenced. Such as are adjudged insane in these counties will be committed to asylums for the insane.

TOKIO, Aug. 7.—The Japanese government has prepared a new note for presentation to the United States government concerning the California alien land ownership legislation. The new note defends the position Japan previously assumed—that the land ownership bill violates the Japanese-American treaty.

SOFIA, Aug. 7.—The Bulgarian government has notified the representatives of the powers in Sofia of its intention to demobilize the army immediately the peace treaty is signed. It declares it rests upon the powers to take measures to induce Turkey to withdraw within the Enos-Midia line and respect the London treaty.

FLYNN TO TRY OUT "GUNBOAT."

New York, Aug. 7.—Whether "Gunboat" Smith is the fighter that he has been cracked up to be by his followers on the western coast will probably be determined here tomorrow night, when the Californian will be tried out by that best known of all trial horses, Jim Flynn, the Pueblo fireman. While Flynn falls far short of championship calibre himself, he has been able to sidetrack more than one of the best "heavies" who have been hailed as coming champions. If the "Gunboat" wins the fight it will add considerably to his reputation. The bout is scheduled for ten rounds and will be pulled off in Madison Square Garden.

THOMAS DENBY DIES
THURSDAY MORNING

CELEBRATED NINETEENTH BIRTHDAY ONLY LAST MONTH.

Native of Leeds, England, Deceased Had Been Resident of United States 81 Years—Funeral Today.

Thomas Denby, one of the pioneer residents of Morgan county who celebrated his nineteenth birthday July 17th last, passed away at his home west of the city Thursday morning at 11 o'clock. Mr. Denby had been in feeble health for some time.

Thomas Denby, the son of Thomas and Ellen (Conder) Denby, was born in Leeds, Yorkshire, England, July 17, 1823. Mr. Denby was of a family of five children, all of whom preceded him in death. They were: Mrs. Hannah Lambert, mother of E. C. Lambert of this city; Mrs. Elizabeth Scott, Mrs. Helen Kaiser and Mary, who died in infancy.

Leaving Liverpool April 3, 1832 Mr. Denby Sr., bought his family to America, but on account of a severe storm at sea did not arrive at the port of New York until the following August. The storm broke about 2 o'clock one morning and raged for twelve hours, the ship being so badly damaged that it had to put in at the Madeira Islands for repairs before the voyage could be resumed.

The family traveled westward to Buffalo by the Erie canal. They went to Cincinnati and from that place to St. Louis, and thence to Naples where they met John Killam with a wagon and two yoke of oxen and brought to their stopping place, which was the home of Samuel Killam on top of the mound. Mr. Denby Sr., had acquired a goodly sum of money which he had exchanged for gold sovereigns and had the pieces sewed in the clothing of himself and family. When he reached St. Louis he had the sovereigns changed into American money and received a good premium for his English coin. He bought of Elliott Stevenson 200 acres of land at \$12 per acre, the improvements being a double log house and log stable and fifty acres of the land cleared.

In 1849 the elder Mr. Denby and William Lambert started for Eastland for a visit, going by way of New Orleans. At the latter city they met a countryman named Robert Whitely and waited two weeks for him so that he could accompany them on the voyage. Both Mr. Denby and Mr. Lambert were taken with fever and died and were buried at sea.

When he came to Morgan county Thomas Denby Jr., was ten years of age and in his early youth he attended the subscription school in the log house near his home, supplied with slab benches and puncheon floor, but obtained most of his mental instruction outside the school room. Mr. Denby lived on the place where he died since 1832, renting the place from his father in 1845 and afterward purchasing the interests of the other heirs. The residence was built in 1857 from brick burnt on the premises, and all the excellent improvements on the farm were made by him. He was owner of 200 acres of land situated four and one half miles west of the city.

Mr. Denby was first married in 1845 to Martha Sparks, who passed away in March 1846, leaving a child who died when three years of age. In December 1846 he was united in marriage to Mary J. Wells, who was born in Scott county, Ill., in 1822, a daughter of Alexander and Mary (Chance) Wells, both natives of Pennsylvania. Mr. and Mrs. Denby were the parents of five children: William Thomas, who died at the age of five years; Mary E., wife of George Ransom, who lives near Lynnville; Sarah E., who married George Killam and died in 1884; Hannah, wife of Thomas O. Graves, who resides west of the city, and Ann Ella, wife of John W. Leach, who lives west of Jacksonville.

Politically Mr. Denby was a Democrat and held a number of township offices. Religiously he was a member of Liberty Methodist church. His life was distinguished by all those qualities that characterize the successful pioneer—honesty, patience, perseverance and firm resolution.

Funeral services will be held this afternoon at 3 o'clock at the late residence, west of the city, in charge of Rev. Ezra Scott, of Gibson city. Interment will be made in West Liberty cemetery.

REVIVAL SERVICES OF
SALVATION ARMY.

Ensign and Mrs. L. C. Bennett of Chicago, who are here for the week conducting special services at the Salvation Army barracks, are meeting with good success and each night the attendance has been increasing. Last night Captain Corinth Legg had charge of the services. He spoke of the story of Belshazzar, who was weighed in the balance and found wanting, drawing the lesson therefrom that Christian people were not doing all they could in the Lord's vineyard and he urged everyone to improve their many opportunities.

Mr. and Mrs. Bennett are both musicians, Mr. Bennett playing the guitar and cornet and Mrs. Bennett the mandolin. They expect to hold a special meeting in the park Saturday afternoon.

NURSES MEET WITH
GOVERNOR DUNNE.

Conference Relative to Higher Standard For Hospitals and Nurses.
Miss Ida B. Verner, superintendent of Passavant Memorial hospital, went to Springfield yesterday to confer with others with the governor regarding the appointment of the committee of five authorized by law to examine registered nurses and registered hospitals.

There were present Miss Adelaide Walsh of Chicago, president of the State Association of Graduate Nurses; Miss Ada Baldrige of the Chicago legislative committee; Miss Ida Tice of the Chicago legislative committee and Miss Ida B. Verner of this city, president of the thirteenth district association of graduate nurses.

The four ladies had an interview with the governor and were courteously received by him. No definite action was taken but it is the hope and expectation that the visit will bear good fruit.

Under the state law a hospital desiring to have the right kind of a standing among the profession may become a registered institution and its nurses registered nurses and to attain and hold that enviable position the building and equipment are subject to visits and inspection by the state examining committee appointed by the governor and all pertaining to the establishment must pass muster. Rigid inspection is made and all delinquents reported. Passavant hospital has a good record in this particular.

Then come the examinations of the nurses and a lady who wishes to stand as a registered nurse must comply with certain requirements regarding age, educational and physical qualifications before she can begin the course and then must pass muster when she gets her diploma. In this respect the graduates of Passavant hospital also stand well.

POINT CHURCH SUPPER.

TUITION IS RAISED.

School Board at Franklin Takes Action.

The school board held a meeting recently and voted to raise the tuition for the high school to \$4 a month, or \$34 for the annual term, says the Franklin Times. This is the rate at Murrayville and Franklin certainly has as good a four-year course as Murrayville. In Jacksonville the rate is \$40 for the term. It costs about \$50 per pupil a term to maintain our high school, so pupils from other districts can still have the benefits of the excellent course offered here for less than it costs the taxpayers of the district for the home boys and girls. Tuition under a recent legislative enactment will hereafter be paid by the pupils' home district and not out of the pocket of the parent or guardian.

The board made a levy of \$3600 to meet the school expenses of the coming year. It costs about \$4,000 a year to maintain our school but some money comes in from tuition and some from the state, and this is expected to make up the difference between the annual expense and the levy.

Before schools opens the board will put a new floor in the grammar room where one is badly needed, install twelve more desks in that room and have some necessary painting done on the exterior of the building. —Franklin Times.

BOOSTERS FOR CHAUTAUQUA.

Jacksonville Citizens Attend Tallula Horse Show.

Jacksonville Chautauqua boosters made the largest gathering of the season when they arrived Thursday at the horse show at Tallula, the attendance at which was estimated at four thousand. Large quantities of Chautauqua literature were distributed and questions of inquiry were answered from many who, until that moment, had never heard of the Jacksonville chautauqua. The next work by the Chautauqua boosters will be in connection with the A. H. T. A. excursion today.

The program began at 9 o'clock with a concert by the Watch Factory band of Springfield, which furnished music throughout the day and met all the trains. A ball game was called at 3:30 between Petersburg and Athens, which was won by the latter town.

The chairman of the horse show was G. G. Glenn and H. G. Rafter was the secretary and treasurer. The executive committee was composed of C. J. Savage, Louis Legendre, J. S. Young and S. O. Savage.

A large number of entries were made and a great deal of interest was manifest in the competition and in the awarding of the prizes. The day was closed by an evening concert by the band, a free moving picture show and a dance.

FUNERAL NOTICE.

The remains of Miss Elizabeth B. Kehoe, are expected to arrive in the city this morning at 7:15 o'clock via the Wabash and will be taken to the residence of Mrs. Nellie Hopper, 405 North Fayette street. The remains were expected to arrive in the city Thursday afternoon but missed connections at Huntington, Ind. Funeral services will be held this afternoon at 4 o'clock at Church of Our Savior and interment will be made in Cavalry cemetery.

ENJOY BASKET DINNER.

The members of the 1912 embroidery club and their families of Alexander enjoyed a basket dinner on the lawn at the residence of John Hall in Alexander Wednesday. Quite a number was present and a very delightful time was spent.

TOOK SUPPER AT LAKE.

Mr. and Mrs. Robert Cassell and daughter, Harry Cully and family, Mr. and Mrs. J. H. Butler and Miss Minnie Thomas composed a party of pioneers who took supper at the lake Thursday evening.

Lana Soap Gives Skin Comfort

Summer weather makes a good complexion soap a necessity. LANA OIL SOAP is that kind. It is especially suited to the soft skin of women and infants and its uses, while cleansing perfectly leave the skin soft and velvety. Lana Oil Complexion Soap is skillfully made from the best and purest materials obtainable. Soaps inferior to LANA OIL are often sold at three times its price; so bear in mind the fact that who never you pay more, you are probably paying a part of the manufacturer's advertising expenses.

To insure a beautiful and healthy complexion, discontinue the use of impure soap, and bathe with warm water, using Lana Oil Complexion Soap; three cakes, 25 cents and equal to many 25-cent soaps.

Our line of Soaps, Talcum, Toilet Waters, Face Powders is very complete and this pharmacy is fully equipped to give summer comfort to the skin.

W. E. McCurley of Woodson visited the city yesterday in his Oakland auto.

B. J. Daly of New Orleans is in the city riding about the county in his Kirt automobile. The gentleman was reared in the vicinity of Franklin near the James Seymour place and is back again viewing the scenes of his boyhood and while in the city with his wife and baby the guest of Mr. and Mrs. Patrick Devlin.

The gentleman left this county over twenty years ago and has prospered in his far southern home and is now assistant district attorney of the great city by the river. He says that the automobiles have caused great interest in the matter of good roads in his vicinity and the legislature has passed salutary laws on the subject. As is well known the country about New Orleans is largely swamp, and roads through the land are difficult to construct but Mr. Daly says they have discovered a compound which seems to make a good highway and are using it to a considerable extent. He expects to be here several days and spent yesterday among the friends of his boyhood.

AVOIDED AUTO COLLISION.

What might have been a very serious auto smashup was avoided on the Springfield late Wednesday night, when Basil Sorrells, driving a car from the Newman garage, turned the machine into a ditch. Sorrells was acting as chauffeur for Mr. and Mrs. James G. Capps and Mr. Andrew Russell and was driving toward Jacksonville. At a point about five miles out, another car approached from behind at terrific speed and the relative positions of the two cars was such that it was not practicable for Sorrells to speed up and keep ahead of the other car, which was near at hand before he noticed it. The only course to avoid a collision was to turn into the ditch and that is what Sorrells wisely did, damaged fenders being the only bad result. The second car, recklessly driven, grazed the Newman car.

The Fashion Book for Fall

Illustrating Pictorial Review Patterns

Is now on sale. For years this book has been looked upon as the most authentic portrayal of the forthcoming styles to be found in any publication in America.

Pictorial Review styles are in a class by themselves, and are as a rule three months in advance of all others, in presenting that which will be worn by the American women for the fall season.

No woman should be without this book. It illustrates styles for every occasion—pretty house dresses, prim street frocks, charming afternoon and evening gowns, etc., etc.

Not only are Pictorial Review Fashions ahead of all others—but the patterns, too, are far superior. They are the simplest patterns made, and each one is accompanied by a cutting guide which makes a mistake next to impossible. Use a Pictorial Review Pattern once and you will never use any other kind.

The price of the Fall Fashion Book is 25c, which includes any 15c pattern free.

SUIT SALE CONTINUES THIS WEEK

Mother's Friend in Every Home

Comfort and Safety Assured Before
the Arrival of the Stork.

The old saying—what is home without a mother—should add "Mother's Friend." In thousands of American homes there is a bottle of this splendid and famous remedy that has aided many a woman through the trying ordeal, saved her from suffering and pain, kept her in health of mind and body in advance of baby's coming and had a most wonderful influence in developing a healthy, lovely disposition in the child.

There is no other remedy so truly a help to nature as Mother's Friend. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant those fibres and muscles which nature is expanding and soothes the inflammation of breast glands.

Mother's Friend is an external remedy, acts quickly and not only banishes all distress in advance, but assures a speedy and complete recovery for the mother. Thus she becomes a healthy woman with all her strength preserved so thoroughly enjoy the rearing of her child. Mother's Friend can be had at any drug store at \$1.00 a bottle, and is really one of the greatest blessings ever discovered for expectant mothers. Write to Bradfield Regulator Co., 123 Lamar Bldg., Atlanta, Ga., for their free book. Write to-day. It is most instructive.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

HOLD FAMILY REUNION

MEMBERS OF THE GIBBS AND
TANKERSLY FAMILIES ENJOY
A GRAND TIME AT NICHOLS
PARK.

A Social Time, a Fine Dinner and a
Pleasant Program Carried Out
and a Permanent Organization Ef-
fected.—Reunion Here Next
Year.

In 1830 a sturdy young English-
man and wife, Robert and Rebecca
Gibbs emigrated to this country from
Yorkshire, England, the place which
has furnished this country with so
many good citizens, and settled a few
miles west of Jacksonville and went
to work developing the country and
rearing a family of which they have
good reason to be proud.

About the same time a stalwart
young Kentuckian, Greenville Tankers-
ly came to Scott county, or what
is now Scott county, from Kentucky
and settled. He was alone in the
world and sensibly concluded that
it was not the way to live so he pro-
ceeded to fall in love with sweet Martha
Funk of the region of Exeter and they
too improved the country by good
farming and rearing a family of
worthy sons and daughters.

As time passed on the old people
went to their final reward honored
and respected by all who knew them
but they left their families and the
members thereof were many and so
mutually attractive that many mar-
riages between the Tankerslys and
Gibbs took place.

A short time since it occurred to
several of the two families that it
would be a very sensible thing to
have a reunion of the descendants of
the families named and to that end
invitations were sent out and Nichols
park was decided on as the suitable
place for it. At least a hundred ga-
thered at the appropriate time and
all proceeded to have a right royal
time. The day was pleasant and all
was not as hot as it has been and all
was propitious for the success of the
occasion.

Of course all brought well
filled baskets and spread the contents
on the tables under the trees and all
proceeded to eat and be merry. The
bill of fare was of course ample and
abundant abounding in profusion of
the delicious things of life such as
the ladies of the two families know
so well how to prepare and which
were immensely enjoyed by all present
who were loud in their praises
of the good things provided.

After all had enjoyed the feast to
their satisfaction they were invited
to the pavilion where the assembly
was called to order by W. D. Gibbs
of Winchester and the matter of a
permanent organization was discus-
sed and it was the unanimous opinion
that it would be very desirable and
it was accordingly done amid much
enthusiasm. The following officers
were unanimously chosen:

W. D. Gibbs, Winchester, presi-
dent.
Mrs. William Babb, Jacksonville,
secretary.
Prince Coates, Riggsston, treasur-
er.

The following program was then
rendered:
Vocal solo—Louise Tankersly, four
years old.
Speech—S. W. Nichols.
Vocal solo—Miss Carolyn Coultas,
Winchester.

Vocal solo—Mrs. Ina Vaniman,
Springfield.
The question of a location for the
gathering next year was brought up.
On behalf of the park commission
S. W. Nichols tendered the use of
the park again next year. The ga-
thering returned thanks by a rising
oote.

Nichols park, Winchester and other
places were placed in nomination
and Nichols park was chosen as the
place for meeting next year.

The following program committee
was appointed.

Mrs. Frank Mason, Winchester;
Mrs. Emma Babb, Jacksonville; Mrs.
Luther Griswold, White Hall; Mrs.
Ina Vanniman, Springfield.

Benjamin Gibbs, Winchester and
secretary of the committee.
The greater part of the gathering
came from Morgan and Scott coun-
ties, though there were present per-
sons from Springfield, Virden, White
Hall, Kewanee and Sedalia, Mo., and
other places.

Some returned home in the after-
noon and many remained for supper
and a good time in the evening.

SOCIETY FORMED TO GIVE PUBLICITY TO CHARITIES

Purpose is to Show How the \$13,000,
000 Given Early in Chicago
to Charity is Expended.

Chicago, Aug. 7.—A permanent
organization to investigate and give
publicity to organized charities in
this city was formed today. The
prime purpose of the organization is
to demonstrate how the \$13,000,000
given annually to charity is expended.

What they spend money for, how
they spend it upon whom it is spent,
what the need is for expenditure and
what would be the result if none
was spent, all come within the scope
of the investigations of the new or-
ganization. Prof. Charles R. Hen-
derson of the University of Chicago,
president of the United Charities, is
head of the new organization. Rep-
resentatives of nearly all the organ-
ized charities in the city attended to-
day's meeting.

BELIEVES SEVERAL BOYS WERE ACCESSORIES TO OPERATION

In a Signed Statement George
Vance Names the Boys Who Ar-
ranged With Physician for the
Operation Which Caused Girl's
Death.

Kansas City, Aug. 7.—Floyd Jac-
obs, county prosecutor, said that
his investigations led him to be-
lieve that several of the boy friends
of Miss Zook were accessories to
the fact of the criminal operation
that caused the girl's death. Al-
though detectives spent the day try-
ing to find the boys, whose names
were mentioned at the inquest, they
were unable to locate six of them.
George T. Vance, one of the boys
who was held as material witness in
the case, in a signed statement to
the prosecutor tonight named the
boys who arranged with a physician
to perform the operation.

CAPTURES OVER SEVEN HUNDRED LIVE FOXES.

Fur Outfit for District Present Sea-
son Worth \$600,000.

Edmonton, Alta., Aug. 7.—Seven
hundred and fifty-one live foxes, val-
ued at more than \$600,000, have
been trapped or dug out of their
nests in the fur districts north of
Edmonton since the beginning of the
season. The highest price paid
for a pair of black foxes is \$20,000.
The animals were bought by C. J.
Fleming of St. John, N. B., from a
half breed Indian trapper at Lac la
Riche. T. J. McMan of Edmonton
recently sold 51 fox whelps, all col-
ors, for \$26,000. James A. Kane
of Brookline, N. Y., who has fox
farms in New York and Pennsylvan-
ia.

The exportation of live foxes has
become so active in northern Alberta
that Benjamin Lawton, chief game
guardian, has been requested by the
provincial government to recommend
a closed season, the same as there is
for other fur bearing animals.

ILLINOIS STATE NEWS.

The Oldest—Miss Elizabeth Dun-
can, Sangamon county's oldest citi-
zen, celebrated the 102nd anniversa-
ry of her birth at her home in Loami.
Popular Conductor—Steve Ryan,
one of the most popular conductors
on the Wabash, is now out on his
run, after being off duty about nine
weeks on account of a broken wrist.

Mayor's Car Destroyed—Albert W.
Morse, mayor of Champaign, met
with hard luck as he, together with
Harry Clegg, Ben Fielden and E. O.
Spink were returning in Morse's car
from a fishing trip in Mason county.
As they neared home, the car was
discovered to be on fire. Before the
flames were extinguished the car, a
Buick, had been destroyed.

A Sad Case—"Mamma, I just eat
all of papa's pills," little Eugene An-
derson told his mother at Beard-
town as he playfully displayed an
empty bottle which had contained a
quantity of pills which had been kept
in the house for Mr. Anderson's use.
"I'm sleepy now," lisped the two
year old little boy as he lay his head
on the mother's arm. Almost over-
come with frantic fear Mrs. Ander-
son took the child into the yard and
walked him about to keep him awake
while a sister went to a doctor's of-
fice for medicine. Before the sister
returned the little boy was taken
with convulsions, the physician was
telephoned for, but the lad was be-
yond human aid when he arrived
and death followed within a few min-
utes.

No Policemen Wanted—There will
be no policemen, mounted or other-
wise, in the Labor Day parade to be
held September 1 on the downtown
streets of St. Louis, according to J.
P. McDonough, grand marshal of the
parade. "The public needs the po-
lice more than we do. They are paid
for doing police duty," said McDon-
ough. J. C. Shanessy, a labor lead-
er, said: "We don't want men who
will beat our heads off 364 days in
the year and then undertake to pro-
tect us on the 365th," referring to
the walters' recent troubles. "I
don't see why the police should be
honored by us any more. We have
accorded the police the honor of lead-
ing the parade in past years because
we thought they were all good fel-
lows at heart, but we were mis-
taken."

Man Robbed on Piecemeal Plan—
Charles Alexander, residing east of
Alton, complained that he was being
robbed on the installment plan, and
applied for a warrant to search some
houses and barns in an effort to find
the property. On Friday night two
cushions were removed from his bug-
gy, on the next night two front wheels
were taken, and on Monday night
the buggy seat was removed.
He told the justice that he feared
he would lose his horse and buggy
by piecemeal.

Indebtedness Reduced—Under the
commission form of government the
current indebtedness of Springfield
has been reduced approximately
\$140,000 to \$6,955.78, according to
Commissioner George E. Coe, of the
accounts and finance department.
The indebtedness has been reduced
so as to come under the legal limit,
which is 5 per cent of the total as-
sessed valuation of \$883,875, which
makes it possible to issue bonds for
the payment of the riot claims, which
have been pending since the admin-
istration of Mayor Roy Reece in
1908.

Drennan Will Succeed Adams—
Frank P. Drennan, one of the most
widely known attorneys in this sec-
tion of the state, has been selected
as chief counsel for the Reich Indem-
nity company, to fill the vacancy
caused by the accidental death of
Albert Adams. Mr. Adams was ac-
cidentally killed about a month ago at
Waukegan, being run over by a pass-
enger train. Mr. Drennan will have
charge of all of the law work of the

indemnity company, whose activities
extend all over the state of Illinois.
He will take charge of the new du-
ties August 15.

Hunts Brother—James L. McHat-
tie, general agent at the Englewood
union passenger station, has been
missing since July 31. McHattie was
prominent in Masonic and church
circles in Englewood, and his ac-
counts and connections with the rail-
road companies are said to be in ex-
cellent condition.

Work Suspended on Peoria Line—
Owners and receivers of the Chicago
& Eastern Illinois railroad have de-
cided to abandon the extension of
the line into Peoria. About twenty
miles of the road has been graded,
but no rails have been laid. The line
started from the main road of the
Eastern Illinois at St. Elmo and was
constructed to Chatham, a distance
of 35 miles.

Marriage and Death—Immediately
after the death of Miss Jessie Hau-
skins at her father's country place
near Edwardsville, friends and rela-
tives were amazed to learn that since
last Christmas eve she had been the
wife of William H. Stahlhut. Stahl-
hut is a member of the of the wealth-
iest families in Edwardsville. The
bridegroom disclosed the secret. He
had been almost constantly at Miss
Haukskin's bedside during her ill-
ness. As he left the death chamber
friends gathered around him to con-
dole him upon the loss of his sweet-
heart. "She was more than that to
me," he said; "she was my wife."

Investigate Mysterious Fire—A.
H. Bogardus, deputy state fire mar-
shal, has been in Highwood investigat-
ing the mystery surrounding the fire
which destroyed the home of the
mayor. The mayor of Highwood has
been active in fighting the liquor traf-
fic in that place and some have ad-
vanced the theory that his enemies
fired his home.

Boy May Lose Sight of Eye—The
9-year-old son of Mr. and Mrs. Thos.
Clemons, residing on Sangamon Bot-
tom, near Chandlerville, received an
infection of one of his eyes and it is
feared the sight of the eye will be
lost. The family was gathering ber-
ries and it is believed an insect lodg-
ed in the boy's optic. He was
brought to a specialist in Jackson-
ville for treatment.

TEETOTALERS ARE INCREASING IN THE UNITED STATES NAVY

Chaplain of the Navy Claims It Is
Now 85 to 90 Per Cent Temperate

Philadelphia, Aug. 7.—That total
abstinence from intoxicating liquors is
on the increase in the United States
navy was declared by the Rev. Eu-
gene MacDonald, in an address at the
43rd annual convention of the Catho-
lic Total Abstinence union, which
opened here today.

Father MacDonald, who is a chap-
lain in the navy, said the navy is now
85 to 90 per cent temperate.
"We have," he said, "by actual
enumeration 12 per cent abstainers
and 85 per cent temperate men. The
old days are passing and men do not
return to the ship who go ashore, take
a glass of beer and then go on their
way. They will take a pledge against
whiskey, but want their beer as a
safety valve."

TORPEDO BOAT LAUNCHED.
Bath, Me., Aug. 7.—The United
States torpedo boat destroyer Cum-
mins, built at a cost of \$761,500, was
successfully launched today.

BIDS FOR COAL.

Bids for supplying the Jackson-
ville schools with coal for the en-
suing year will be received by the
undersigned clerk of the board of
education until noon Thursday,
Aug. 14, 1913. Bids are desired on
three inch lump. The right is
reserved to reject any or all bids.

CLOVER LEAF WOULD DISCONTINUE CARRYING MAIL

Railroads Protest Against Increased
Weight of Mail Matter With Al-
leged Inadequate Compensation.

Washington, Aug. 7.—Complaints
from many railroads against alleged
inadequate compensation for increas-
ed weight of mail matter under the
parcel post system has culminated in
a notice to the postoffice department
from the Toledo, St. Louis & West-
ern company that at the end of sixty
days it will discontinue the trans-
portation of mail.

The company's contract will not
expire for two years and the depart-
ment has informed the management
that discontinuance will not be per-
mitted; that the interests of the gov-
ernment and of the public as well as
the railroad must be considered.

The Toledo, St. Louis & Western,
popularly known as the Clover Leaf

He has a message for you. See him
and don't be deceived by false re-
ports about prices of Ford Cars for
1914, and about mail order houses
and the like going to sell cars direct
to you at unreasonably low prices,
for such is not the case.

Don't be deceived or misled by
parties appealing to your self-pride,
for it is service you want and you
get it in the Ford.
People who have had the expensive
kind are now buying the Ford. The
best class of people everywhere are
buying the Ford car. Why not you?
And you have tried that Lightning
Puncture Cure for tire trouble? The
Ford man has it, and it is positively
guaranteed to instantly stop all
punctures, or your money back if it
fails, not for a day, but as long as
your casings will hold.

Do you believe it?

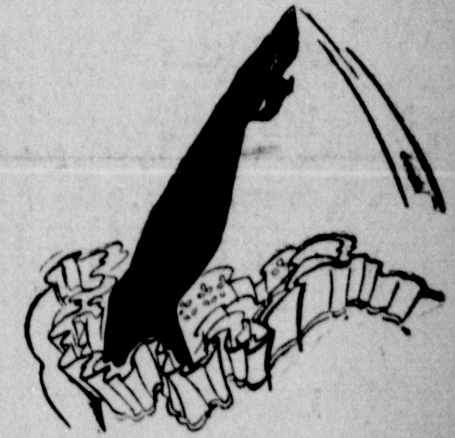

If you are from Missouri, he will
show you.

That Corn Is a Sure 'Goner,' Now

"GETS-IT," the New-Plan Corn Cure,
Gets Any Corn Surely, Quickly.
You'll say, "It does beat all how
quick 'GETS-IT' got rid of that corn.
It's almost magic!" "GETS-IT" gets

"Never Could Do This Before. 'GETS-IT' Made
Every Corn Vanish Like Magic."

every corn, every time, as sure as the
sun rises. It takes about 2 seconds
to apply it. Corn pains stop, you for-
get the corn, the corn shrivels up, and
it's gone! Ever try anything like that?
You never did. There's no more fuss-
ing with plasters that press on the
corn, no more salves that take off the
surrounding flesh, no more bandages.
No more knives, files or razors that
make corns grow, and cause danger of
blood poison. "GETS-IT" is equally
harmless to healthy or irritated flesh.
It "gets" every corn, wart, callus and
bunion you've got.
"GETS-IT" is sold at all druggists
at 25 cents a bottle, or sent on receipt
of price by E. Lawrence & Co., Chicago.
Sold in Jacksonville by J. Arm-
strong's drug store and J. A. Ober-
meyer.

STACK MAKES DEBUT IN CHICAGO UNIFORM

FORMER BROOKLYN HURLER HOLDS PHILLIES TO FOUR HITS.

Cubs Bunch Hits in Second and Sixth and Win Contest 5 to 2—Manager Evers is Chased by Emslie; Killifere is Ordered Off by O'Day.

Chicago, Aug. 7.—Pitcher Ed Stack recently obtained from Brooklyn in the trade for Ed Reulbach, made his debut in a Chicago uniform to day and held Philadelphia to four hits, only two of which were bunched and the locals won 5 to 2.

Manager Evers disputed Emslie's decision at second base when Knabe stole and was ordered to the club house.

Catcher Killifere of Philadelphia questioned Emslie's decision on balls and strikes and also was ordered to the club house.

BLUEJACKET HOLDS PEORIA TO ONE HIT AND BLOWERS WIN

Hartford's Wild Heave Allows Two Distillers to Score in Second and Saves Them From a Shutout.

Bloomington, Aug. 7.—Bluejacket was in remarkable form today, holding Peoria to one hit.

But for Hartford's wild heave to the bleachers, which cost two runs, the Distillers would have been shut out.

Bloomington bunched hits with errors in the fifth, scoring the winning runs. Score:

HIGHLANDER SOUTH PAW OUT PITCHES VETERAN LAKE

Young Schulz Allows Tigers But Three Hits and New York Wins 5 to 1.

New York, Aug. 7.—New York

evened the series with Detroit today,

winning the last game 5 to 1.

Chance's young lefthander, Schulz,

outpitched the veteran Lake.

Chance used two Texas league re-

cruits in his line-up and their work

featured the game.

Cook, an outfielder from Austin,

made two singles and a double in

four times up. Williams, recruited

from Galveston, played a sensational

game at first, twice saving Second

Baseman Knight errors by brilliant

one-handed catches of high throws.

He also hit a long home run into

the left field bleachers.

Left Fielder Cree made two re-

markable catches.

WHITE SOX TRIM WASHINGTON 11 TO 4

CHICAGO MAKES IT THREE OUT OF FOUR FROM SENATORS

Cicotte Pitches Excellent Ball and Has Washington at His Mercy for Six Innings—Benz Allows Five Hits and Four Runs in Eighth.

Washington, Aug. 7.—Chicago made it three out of four by win-

ning from Washington to day 11 to 4 in a farcical game. Washington

played miserably in the field and

could do nothing with Cicotte. After

pitching six innings he retired in

favor of Benz, who held Washing-

ton scoreless until the eighth, when

he let up and allowed five hits.

Chicago made no attempt to stop

men on bases in this inning permit-

ting local men to run wild when they

got on.

Steel Advances to Its Best Figure in
Some Months—Effect of the Im-
proved Crop Outlook is Seen in the
Better Tone of the Southern and
Southeastern Railway Shares.

New York, Aug. 7.—Manipulation
of a professional character caused a
measure of underlying strength in
today's stock market. The move-
ment as a whole, however, was ir-
regular and spasmodic as to carry lit-
tle interest, much less support. Steel
advance to its best figure in some
months was the more surprising, in-
asmuch as it disregarded reports of
price concessions for certain finished
products. The effect of the improved
crop outlook was seen in the better
tone of the southern and south-
eastern railway shares, while Reading
and Lehigh Valley, especially the lat-
ter, probably owed their recovery
to excellent earnings exhibits. St.
Louis and San Francisco also re-
ported very good earnings, which were
reflected in a smart rise in general
5s. Among the specialties declines
of 2 to 4 points made by some of
the tobacco shares and American
writing paper preferred, while gen-
eral chemical dropped 9 points on one

LEATA J. WINS \$6000 BURDICK HOUSE STAKE

NOSES OUT FRANK BOGASH JR.,
IN FIFTH HEAT OF 2:12 PACE

Each Had Won Two Heats and the Fifth Heat Was Raced Alone to Decide the Winner of the Silver Cup—Leata J. Steps Third Heat In 2:03.

Kalamazoo, Mich., Aug. 7.—Sensational racing marked the fourth day of the Grand Circuit races. Five heats were necessary to decide the winner of the silver cup in the Burdick House Stakes of \$6,000 for 2:12 pacers, raced on the four heat plan and Leata J. and Frank Bogash Jr., after winning two heats each, raced the fifth heat alone. Not until the home stretch was reached was there an indication of which might win, Leata J., pressing under the wire only half a length ahead.

The second fastest time of the year was made in the third heat when Leata J. stepped a mile in 2:03. The 2:24 trot was a walkaway for Eleanor G. In all three heats she raced ahead of the field and won as she pleased, eased up.

One of the finest contests of the year developed in the 2:05 pace. Flower Direct and Jr. Dan Patch raced neck and neck in the first heat the latter winning. In the second heat there were two noses apart all down the stretch the mare getting the decision by the closest of margins.

In the final heat the Patch horse fell back, Sombrewer landing in second place.

Driver Steadman was assessed a fine of \$100 and suspended ten days because of his alleged improper driving during one of the races.

Great Western Circuit.

Decatur, Ill., Aug. 7.—Nearly 10,000 saw Decatur's biggest and best racing program on the third day of the Great Western Circuit meeting to day and they were given all they asked.

The final heat in the 2:15 pace was not finished until 7 o'clock and went to an entry which did not win a heat until the third while the winner of the first two heats was distanced in the final and lost out on second money.

The three year old trot went the full three heats, with Sire Mike pushing to the front both in the second and third by a nose, after Tommy DeForest had won the first. The second Belford Belle dropped to in the second and third heats after finishing first in the opening trip, but Henrietta C., close rival was not equal to the pace tiring in the last two heats, losing out by breaks on the back stretch. Billy M., had more speed than the field and won in straight heats the 2:07 pace, making the best time of the meet, 2:06 1/4 in his final circuit. Society Leader, Dean, got the benefit of a close decision at the wire both in the first and second heats, but dropped to fourth, then sixth, and was finally distanced tiring badly in the latter heats.

A consolation purse for non-money winners had been added to the final day's program which also includes a 2:10 trot, \$1,000 and 2:16 trot, \$700.

WAGNER WINS GAME FOR PIRATES

Pittsburgh, Aug. 7.—Shortstop Wagner's tricky base running in the tenth inning drew a wild throw from Centerfielder Clymer to day and Pittsburgh won by 4 to 3 from Boston. Wagner was on first with two out when First Baseman Miller singled to center. Carelessly he sauntered down to second and as Clymer changed his mind about hurrying the ball to third Wagner sprinted for that station. Clymer threw the ball over Third Baseman Devlin's head and Honus scored the winning run.

Fred Smith, Boston rightfielder was so painfully hurt in the third that he had to retire. Catcher Gibson's throw to catch him off second hit him behind the ear.

TICE TALKED ON NEW ILLINOIS ROAD LAW

EXPLAINED MEASURE FOR WHICH HE STOOD SPONSOR IN GENERAL ASSEMBLY.

Large Attendance of Road Officials at Pittsfield Meeting—Morgan and Scott Counties Represented—F. J. Heintz Pointed Out Jacksonville Route for State Road as Benefit to Pike County.

Pittsfield, Ill., Aug. 7.—(Special)—At Pittsfield today a meeting of the county supervisors and of road commissioners was held in accordance with a call issued by Judge Edward Doocy, chairman of the board of supervisors, to discuss the Tice road bill and to listen to addresses by Homer J. Tice, author of the bill, and by Frank J. Heintz of Jacksonville. The commissioners of Scott county and of Adams county were also especially invited to be present. The invitation, too, in Pike county, was broad enough to include everybody at all interested in good roads. The meeting was called to order at 10:30 in the court house by Judge Doocy and the circuit court room was nearly filled, the size of the audience furnishing ample proof of the interest there is in Pike county in good roads. There were twenty Adams county officers present and sixty from Pike county.

Questions and Answers.

Judge Doocy introduced Mr. Tice, who began his remarks on the road law with some facts about Illinois roads in general and the economic effect in reducing living cost that would be likely to follow improvement in road conditions. During his address Mr. Tice would stop at any time to answer questions and in the afternoon he was present in the court room at 1 o'clock, especially for the purpose of answering any questions which might be propounded. This was an ideal way of getting at the main points in the law, for thus the questions which were puzzling officials in any locality were cleared up.

Mr. Tice made it clear that the enactment of the new law does not interfere with the duties or responsibilities of road commissioners, except in cases where improvements on bridges are to be made at a cost exceeding \$200, or machinery to that value is to be purchased. Road commissioners are elected just as they are now, unless by a vote of the district for the county for one of three to one and the commissioners have charge of all highway work which is not state aid work and proceed to have it done just as in the past. If, however, there is to be an expenditure in excess of \$200 for a bridge or for machinery, then the county superintendent of highways must be consulted.

Twenty-one Counties Have Acted.

The county superintendent of highways must be appointed in each county by October 1. Already twenty-one counties of the state have filed with the state highway commission maps showing the roads in their counties for which they desire state aid and have made nomination for county superintendents of highways. A county superintendent of highways need not be an engineer, but he must have some technical knowledge if he is to fill the duties of the position. He is to prepare plans and specifications for bridges and must understand matters of that kind. He will be appointed on the basis of examination after the state commission has expressed approval of such appointment.

Maps Must Be Filed.

Mr. Tice said early in his address that the several counties in the state must take the initiative and must act with some promptness if they desired to share in the state aid fund. The map of the roads desired must be filed with the commission and roads must be outlined that will connect main markets in adjoining counties. After an apportionment of the state fund has been made for a county then the county must make arrangements for a like sum which will be spent for the construction of permanent stone highways in accordance with plans prepared by the state highway commission and under the direction of the commission.

"Local authorities have nothing whatever to do with the construction work when the road is put in, save that it is under the direction of the county superintendent, who reports to the board and after the work is completed, then the state pays the entire cost of repairs and maintenance."

Powers of Road Commissioners.

In answer to a question Mr. Tice said that nothing in the law contemplated that road commissioners should not still have authority to build culverts without advice from the county superintendent, but he intimated that if he were a commissioner that he would want to consult the superintendent anyhow, suggesting that the best results would be obtained by co-operation all along the line. Under the new law a property owner cannot work out his poll tax on the highway. Everything is on a cash basis and the man who pays must pay in money.

"Cities which have not in the past been parts of road districts by the new law must become separate districts or parts of districts and pay a road and bridge tax. The county board will decide where districts shall be organized. Fifty per cent of the fund raised in a city from such a tax must be spent in roads outside of the city and the other fifty per cent in the city."

Some Startling Figures.

Mr. Tice gave some figures to which he had called attention before the road law went into effect. In 1911 the road and bridge tax raised in Illinois amounted to \$5,673,205.80 and with the addition of the

poll tax made a total of \$6,000,000. This with the rents which would accrue if land now roads were cultivated makes an annual expenditure in Illinois for roads of \$9,612,074. Public roads in Illinois occupy 633,356 acres and conservatively estimated at \$100 per acre this land represents an enormous total. If rented for \$5 per acre it would total a rental of \$3,160,700. In addition to this the state assesses and collects annually for state purposes from the land owners for the land thus occupied by roads \$445,274.

"Illinois has in 14 years spent sixty millions on its highways. For this sum 95,000 miles of roads or all the roads of Illinois could have been graded and crowned. At a cost of \$2,275,000 these same 95,000 miles of roads could have been dragged ten times a year. Fifty four thousand acres or all that require subsurface drainage could have been tiled with six inch tile at a cost of \$18,878,400.

Many Road Methods in Past.

"There are 4,800 highway commissioners in Illinois and in the past there have been hundreds of different ways and methods of improving the highways but without any common plan. The committee appointed by the Illinois bankers association after an investigation of eight months decided that 37 1/2 per cent of the road funds of the state are spent without permanent benefit resulting. At the rate Illinois has spent in the past four years \$22,500,000 with nothing to show for it, Illinois has a farm acreage of 50,817 sections and based on the figures made by the University of Indiana and in other states the loss to farmers on this acreage through bad roads is annually \$123,586,944.

Cost of Macadam Roads.

"Water bound macadam roads 16 feet wide and eight inches deep are estimated to cost \$8,000 per mile and roads of the same class 12 feet wide, \$5,000 per mile. The cost of constructing 19,000 miles of such roads would therefore be for a sixteen foot road, \$152,000,000 or for a 12 foot road \$95,000,000. Illinois farmers pay each year to market corn \$5,493,997 and the rate of cost per bushel is just double what is paid in England Germany, France, Switzerland and some other European countries. The cost has much to do with increased living expense and the condition of public roads is the underlying factor.

Urged Jacksonville Route for Road.

After Mr. Tice had finished and left in an automobile for Nebo in order to catch the Alton train, F. J. Heintz of Jacksonville talked about some points in the Tice law which Mr. Tice had not had the time to mention. More particularly however Mr. Heintz spoke of the desirability of securing a state road west from Springfield via Jacksonville and he emphasized that this would be much more to the advantage of Pike county than to have a road routed west from Springfield to Beardstown. If the latter route were used then Pike and Adams county residents would have to traverse a longer way and one where the roads are naturally rougher in some parts and more sandy in others in seeking to get to Springfield or to points beyond.

Among those who attended the meeting were Commissioner Taylor of Scott county, Thomas Worthington of Jacksonville and Charles Taylor of Chapin.

John Flynn of Clements was in the city in his Mitchell automobile Thursday.

MANY ATTEND CHICKEN PIE SUPPER.

Young People of Mt. Zion Epworth League Held Successful Supper Despite Threatening Weather.

Large crowds from all directions attended the chicken pie supper served at Mt. Zion church Thursday evening by the Epworth league.

Threatening weather early in the evening with a hard shower about six o'clock intimidated few, however, for the young people who provided the good things sold out almost completely and raised a substantial sum to apply to various phases of the work of the church.

People began to come until a late hour. The Epworth league of Mt. Zion M. E. church has had a successful year under the presidency of Oliver Stout.

The league holds such a social event each year, though it is not always of the same kind. The committee in charge of the menu consisted of Mrs. Louis Watt, Miss May Paschall, Miss Margaret Wolfe and Miss Ethel Thomason. Miss May Sargent, Mrs. Emma Johnson and Mrs. E. R. Carter were in charge of tables.

Esther Myers and May Sargent had charge of the advertising and Louis Watt looked after the ice cream. Oliver Stout and Fred Carter composed the committee on tables and seating.

RETURNS FROM LAKE TRIP.

M. E. Gilbert returned Thursday from a month's vacation, three weeks of which he spent on the lakes. Mr. and Mrs. Gilbert left the city the first week of July and took the steamer, Manistee for a cruise to Mackinac and through the Sault Ste. Marie. Last week they spent at Old Mission, Mich., where Mrs. Gilbert will remain until the middle of the month.

MERSA SETS NEW WORLD'S RECORD IN GLOBE TROTTING

New York Man Circuits the World in 35 Days and 21 Hours, Breaking Previous Record Held by Andre Jaeger-Schmidt.

New York, August 7.—A new world's record in globe trotting was established today with the arrival here of John Henry Mears, who, representing an evening newspaper in this city, circled the world in the time of 35 days, 21 hours, 35 minutes and 45 of a second. Mears left New York about an hour after mid-night on July 2 and traveled by way of Paris, Harbin, Yokohama and Vancouver.

The previous record made by Andre Jaeger-Schmidt in 1911 was 39 days, 19 hours, 43 minutes, 37 4-5 seconds.

FEED HORSES ON SQUARE.

Yesterday afternoon a man from the county and evidently unacquainted with the laws and ways of the city drove to the square, unhitched his team, tied them behind the wagon and fed them. No one molested the man and he went on his way, not dreaming that he had violated a city ordinance. It brought to the minds of some elderly citizens the time when there were hitchhacks all about the square and horses tied to them and standing in several inches of mud and water when the weather was wet. Those were the days when, in bad weather, the square was like a mortar bed and locomotion about it was difficult.

MORTUARY

Bader.

William Bader of Oklahoma City, Oklahoma, passed away at Maplewood sanitarium Wednesday evening at 6:30 o'clock. The deceased was born in Ohio 85 years ago and was married to Anna Hunt. Bader, Schuyler county, was named for the deceased, who at one time conducted a sawmill and store at that place. He is survived by his wife and the following brothers and sisters: Frank Bader of Vermont, H. O. Bader of Browning, and Mrs. Anna Bleeker of Pasadena, Cal.

The remains were removed to the Gilliam undertaking establishment and will be sent to Browning, where funeral services will be held and interment made, probably Sunday.

Bassett.

Harry Bassett, aged 32 years, passed away at the residence, 319 East Madison street, Thursday afternoon at 2 o'clock, after an illness of several months. The deceased was born in Morgan county and a survivor of his mother, Mrs. Lizzie Bassett; one brother and three sisters. He was a member of the colored Christian church.

Funeral services will probably be held Saturday afternoon.

Kehoe.

Mrs. Margaret Kehoe died at 1:30 Thursday afternoon at her home at 402 Brown street, aged 42 years. She had been ailing for some time but bore up with true Christian fortitude throughout her last illness.

Mrs. Kehoe was formerly Miss Margaret Taffe, a native of St. Louis. She is survived by her husband, Miles Kehoe, two daughters, Misses Leifona and Olive of this city and one son, Joseph. Two brothers survive her, James Taffe of Montana and Matt Taffe of Missouri. Notice will appear later regarding the funeral. Friends are asked to please omit flowers.

Corrigan.

Frank Corrigan, the 13 year son of Mr. and Mrs. John D. Corrigan of New Berlin, died at St. John's hospital in Springfield Thursday afternoon at 3:15 o'clock. He had been seriously ill for only three days although he had been complaining for sometime, and Wednesday evening he was taken to the hospital in Springfield for an operation for appendicitis. It was decided at the hospital that an operation would not benefit him, and he passed away Thursday afternoon. The deceased is survived by his parents, six sisters and four brothers.

The remains will be brought to the home in New Berlin this morning at 10 o'clock. Arrangements for the funeral will be made later.

WATERMELON TIME.

Watermelon time is here, the warm evenings when nothing appeals more than the delicious red meat of watermelon on ice. We have just received a fine shipment of large Cass county melons from the sandy bottoms near Arenzville. These melons are sweet, firm fleshed and finely flavored. BAG WORM IS BUSY: FRUIT TREES DAMAGED.

The bag worm has been a busy little creature in Springfield and many of the prettiest trees of that city are facing defoliation. The News says:

Box elders are the principal sufferers, the pest having taken a particular liking to this variety of tree. Others to which it has formed an attachment are evergreens and willows.

Entomologists declare that the worm must be dealt with early in the season and that nothing can be done at this time except watch the trees lose their foliage.

Remedial methods must be taken early in June when trees should be sprayed with a solution of three pounds of lead diluted in fifty gallons of water. Smaller trees can be treated by picking the bugs.

The invasion of the worms, if they do their work thoroughly, is fatal to evergreens as one defoliation will kill this variety of tree. Elders and others will survive for a few seasons.

The bag worm is a recent arrival in the city, although it is a species which is prevalent throughout the central west. It reached Springfield two seasons ago, but is doing its ravaging work with consistency.

Motorcyclists you can buy saddles, handle bars or any special thing you want at cut prices now. Myrick's.

N-C DEFEATS RAMBLERS

In a game of baseball Thursday afternoon between the North and Court Street team and Devlin's Ramblers, the N-C team won by a score of 10 to 5. Leary was the star player for the N-C team and E. Devlin for the Ramblers.

The following was the line-up: N-C—T. Wagner, fb; J. Flynn, cf; H. Buchheit, 3b; C. Leary, c; L. Way, rf; M. Kumble, lf; J. Roach, p; C. Conlee, 2b.

Ramblers—J. Foley, rf; F. Casey, 2b; P. Devlin, c; E. Devlin, p; J. Murry, 1b; J. Burkery, ss; J. Baldwin, cf; W. Sullivan, 3b; J. Hooley, lf.

MATRIMONIAL

McCaleb-Abbott.

The marriage of Clarence McCaleb and Miss Minna Abbott took place Wednesday morning at 10 o'clock at the home of the bride's mother, Mrs. Minna Abbott at Naples, Rev. F. A. McCarty of this city officiating. The wedding march was played by Miss Elizabeth McKnight. Miss Edith Long acted as bridesmaid. The bride is an accomplished young woman. The groom is the son of the late William McCaleb. The young people went to Chapin, where they took the train for St. Louis and from there will go to Denver, Colo., for a wedding trip.

GOOD ROADS DAYS.

August 20-21 Set Aside as Holidays By Missouri Governor.

Jefferson City, Mo., Aug. 7.—Governor Major has issued a proclamation setting apart Wednesday and Thursday, August 20 and 21, as public holidays to be known as "good road days."

Every able bodied man in the rural districts and cities of the state is to put in these days working up on the public highways.

The governor says that all ordinary business is to be suspended and that wherever possible the men put in full time on the permanent improvement of the roads, either dragging, ditching or making culverts or bridges or whatever will tend to accomplish the greatest good.

Every county court in the state is asked to issue a supplementary proclamation and make provisions for work in each and every neighborhood of the state.

The women in the rural districts are requested to aid by furnishing the volunteer workers with lunches and encouraging them with their presence and good cheer. The commercial clubs and the booster organizations are called upon to render every assistance in their power.

The governor estimates that work approximating a million and a half dollars in value will result.

AUTO COLLIDES WITH WHEEL.

While riding a wheel at the southeast corner of the square Thursday during the noon hour, Louis Fernandes, who is employed by Decker & Salby, was struck by an automobile and knocked to the pavement. He was uninjured with the exception of a bruise on the right elbow, though the wheel was badly broken.

The automobile bore the number 35,950 and was bearing an undertaker of the city to a country call. It is owned by some one in the country, residing probably near Woodson. The wheel belonged to George Salby, one of the employers of Mr. Fernandes.

URGENT SUPPORT FOR STATE ROAD. In Pittsfield Thursday Frank J. Heinel and Thomas Worthington called upon the president and other officers of the Business Men's association, upon several bankers and business men and talked of the desirability of having the proposed state road laid out via Jacksonville from Springfield and through Pike county. The Pittsfield men seem to be a unit in favoring this route instead of the Beardstown way and a definite movement is expected in Pike county to have the routing this way.

CHAPIN.

"Shakespeare and His Country," fifty views stereoscopic lecture will be given in the Lyndome by the pastor, Rev. Frederick Baylis, at 8 o'clock. This is Mr. Baylis' native town, Stratford on Avon, England, the birthplace of Shakespeare. This fact will make it doubly interesting. Monday, Aug. 11, Rev. Mr. Baylis leaves for Indiana, where he lectures at the following chautauquas: Wabash, Greensburg, Greenfield, Noblesville, Kokomo, Tipton, Shelbyville.

ENTERTAINS PATRONS AT ICE CREAM SOCIAL.

Benjamin Litter, who operates a thrashing outfit in Litterberry and vicinity, entertained his patrons and the members of their families at an ice cream supper on the lawn at M. M. Crum's place in Litterberry Thursday evening. About 200 were in attendance and a very delightful evening was spent. Refreshments consisting of ice cream, cake, iced tea and bon bons were served.

CHICKEN FRY AND BURGOO

The Unity Workers of the Woodson Unity Presbyterian Church Have a Successful Affair in Spite of Threatening Weather.

Thursday afternoon was long since announced as the date for the chicken fry and burgoo to be given by the Ladies' Aid or Unity Workers of the Woodson and to say the affair was a success is putting it mildly. The reputation of these good ladies for preparing something that will appeal to the cultivated taste of man is well known and when they announce anything good to eat they never lack for customers.

As the hours passed by during the afternoon the weather was by no means assuring and anxious eyes were many times turned toward the sky, but though there were small showers and gusts of wind with some thunder there was not enough rain to trouble any one and the picnic went merrily on. It was held on the church lawn just back of the church building and was well located and most admirably managed. Of the ladies' organization the officers are:

President—Mrs. John Blimling. Vice president—Mrs. William Colton. Treasurer—Mrs. John Hoagland. Secretary—Mrs. William G. Russell.

All the ladies worked admirably and while those named above were the special executive committee, all the members and friends labored faithfully in making the affair a success.

Nor were the ladies the only ones who wrought so successfully. While they had charge of the tables and regular supper, the Gleaners had charge of the ice cream stand. Their officers are:

President—Miss Jane Irlam. Treasurer—Miss Susan Russell.

This department did a fine business and gave general satisfaction to all. Nor were the men at all behind for they wrought manfully too. Bert Myers made the soup, which was pronounced by all everything it should be and was eaten with relish. Ira Barrows was the head waiter.

The chicken fryers were Mr. and Mrs. James Devore and Mrs. Jack Leach; the potato mashers were Mr. and Mrs. Walter Smith and Mrs. Walter Smith and Mrs. Nickel. The men had charge of the soup.

Everything passed off well and a goodly sum was realized for the treasury. One lady remarked that the affair was the most successful ever held by the church.

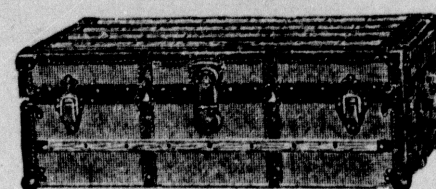

A LARGE ASSORTMENT of men's STRAW HATS are shown by FRANK BYRNS' Hat Store. HALF PRICE.
